PROFILE

As a web developer, I build modern web projects with React.js and Node.js. I have experience with core web technologies, state management and application architecture. I am ready to apply and grow my general knowledge of TypeScript, Docker and the MERN stack in a team environment to create innovative digital solutions. I develop production-ready projects using modern AI tools.

EXPERIENCE

ASOSIT — Web Developer | AI Engineer Jun 2026 - Oct 2026

- Built webinar websites and Telegram bots.
- Developed CRM systems and integrations with external services.
- Created chatbots for customer communication.
- Discussed project requirements and solutions directly with clients.
- Worked on Facebook integrations and collaboration.

RTI PROJECT — Bitrix Specialist Mar 2025 - Dec 2025

- Maintained the corporate website on Bitrix.
- Managed and updated content and developed niche websites.
- Researched competitors and markets.
- Photographed products and optimized visual assets.

FASSCO — Frontend Developer & PM Oct 2024 - Feb 2025

- Led client meetings, analyzed requirements, proposed solutions and oversaw project delivery.
- Built frontend applications, integrated backend APIs, managed deployments and refactored code.
- Designed interfaces, interactive elements, landing pages and promotional sites.
- Guided web designers and coordinated the project team.

CODIAL UZ — Computer Science Teacher Aug 2023 - Jan 2024

- Taught digital literacy through hands-on lessons and mentored more than 25 students.
- Taught Microsoft Office (Word, Excel, PowerPoint) fundamentals.
- Introduced web, mobile and game development in trial lessons.
- Identified students' strengths and helped them explore IT career paths.

TECHNICAL SKILLS

Frontend	JavaScript, TypeScript, React.js, Next.js, Zustand, Tailwind CSS, MUI, HTML/CSS
Backend & data	Node.js, Express.js, MongoDB, PostgreSQL, backend API integrations
AI tools	Codex, Claude, Cursor, Grok, Grok Bot
Platforms	Telegram bots, CRM systems, Facebook integrations, Bitrix; working knowledge of Docker

KEY ACHIEVEMENTS

- Contributed to more than 50 webinar projects at AsosIT.
- Improved frontend efficiency by 10% at RTI Project.
- Mentored 25+ students at Codial.
- Contributed to 5+ websites at FASSCO.
